COURT ORDER/NOTICE/RULING

STATE OF ARIZONA,  
Plaintiff,

NO. CR-2014-01193

vs.

JUSTIN JAMES RECTOR,  
Defendant.

The Court has received and reviewed the Department of Child Safety Records in this case. The Court finds that the records contain information that both parties in this case might find relevant. The Court will disclose the D.C.S. records to both sides at the same time.

The parties are reminded that these records are still personal records involving sensitive investigations that have occurred and they still contain information and names that may not ever be disclosed or used in trial and therefore, the parties are not to disclose or mention any information in the records unless to investigators that have been informed of the sensitive nature of the records or in court proceedings where it is necessary to discuss.

The parties are specifically precluded from distributing the records to any other person or persons not connected with the case, including the press, without specific court order.
