MOTION FOR SUMMARY JUDGMENT ON FORGIVENESS OF SPECIFIC CC&R VIOLATIONS - 1

1 fence color is requested for all alphabetically suffixed tracts for the fence color chosen by  
2 the developer of the lot and maintained as built. Plaintiff's signature is her affidavit.

3  
4 **STATEMENT OF FACTS**

5 Plaintiff has been adjudicated rights to prosecute violations in Tract 4076-B and  
6 her original Complaint had expected a Declaratory Judgment on forgiveness, Whereas F.  
7 Plaintiff recently learned, through an attorney consult, that the Superior Court can rule on  
8 law and fact in a Summary Judgment. This Summary Judgment is intended to  
9 uncomplicate a pending Amended Complaint or new Complaint.  
10

11 The Defendants, in Oral Arguments heard on May 11, 2020, resorted to using  
12 setback data among their arguments for dismissal of this case. This setback data carries a  
13 risk for Mohave County Development Services in issuing Board of Supervisor  
14 Resolutions and building permits in violation of an unknown number of Special  
15 Development/Residential zoning setbacks which were approved by the Board to be in  
16 conformance with the CC&R setbacks and was later approved as intended to be failsafe  
17 by CEO Frank Passantino of Desert Lakes Development L.P. with clarification in Res 93-  
18 122 for all lots to be twenty feet front and rear even for the subdivided lots in Plaintiff's  
19 Parcel VV. Adding the County as a Defendant will complicate the Complaint in the  
20 absence of some measure of forgiveness for current property owners who purchased lots  
21 with violations due to no fault of their own.  
22  
23  
24  
25

26 In oral arguments on May 11, the defendants also raised the issue of the Plaintiff's  
27 wrought iron fence color. This Summary Judgment is intended to prevent the additional  
28

1 defendants of T&M Development and possibly Mohave County for the County  
2 Assurance imposed upon T&M for the fence design and possibly the developer's choice  
3 of white as the wrought iron fence color.  
4

5 The reason for specificity of Tract 4076-B for setbacks is not only because of the  
6 Plaintiff's adjudicated rights to prosecute in this tract, that is still a matter of Court  
7 Reconsideration, but to conform with the specific language used in Servitude 6.  
8

9 The Court is in the process of evaluating all language differentiation in the  
10 Declarations that have specific meanings for calling out alphabetically suffixed tract  
11 names, such as Tract 4076-B, and the use of "said tract" that is not defined, and the use of  
12 the word "subdivision" that has specific meaning in law.  
13

14 A map of the boundary for the lots defined for Tract 4076-B in Servitude 6 is  
15 provided to show that Phase III was eliminated as a label on the approved 1988  
16 Preliminary Plat through the combining of Phase II and II for Tract 4076-B for all lots  
17 specified in the Tract 4076-B Declaration. **Exhibit 1**- Paving Plan map of the boundary  
18 for Tract 4076-B dated September 9, 1989 as provided by County Development Services  
19 to the Plaintiff on March 3, 2020. **Exhibit 2** – 2 pages from the Tract 4076-B Declaration  
20 for Servitudes 6 and 8.  
21

22 The total number of parcel numbers (hereinafter "APNs") for these affected lots is  
23 two hundred ninety (290) that have Assessor's Property Descriptions as Tract 4076-B,  
24 Tract 4076-D, Tract 4163, and Tract 4132. **Exhibit 3** – Excel Worksheet of APNs  
25 modified to fit seven pages.  
26  
27  
28

1 If the Court deems the owners of these parcel numbers are indispensable parties,  
2 the Plaintiff requests that she is only obligated to publish an advertisement in the Mohave  
3 Daily News or other publication distributed to the said subdivision Tract 4076 to run at  
4 least twice either as a legal notice or a display ad. The Plaintiff's choice of the ad style to  
5 be limited to a cost of \$300 or less.  
6

7 Plaintiff pleads for clarification and direction if any part of this request needs  
8 amendment for rules of order, procedure or other matter.  
9

10  
11 RESPECTFULLY SUBMITTED this 1st day of June, 2020.

be completed within twelve (12) months from the commencement of construction. Mobile homes and all structures built, constructed or prefabricated off the premises are expressly prohibited, including but not limited to modular or manufactured structures and existing structures.

2. No noxious or offensive activities shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

3. No lot shall be conveyed or subdivided smaller than that shown or delineated upon the original plat map, but nothing herein contained shall be so construed as to prevent the use of one lot and all or a fraction of an adjoining lot as one building site, after which time such whole lot and adjacent part of the other lot shall be considered as one lot for the purposes of these restrictions.

4. All buildings on lots not adjacent to the golf course being lots shall have a minimum of one thousand four hundred (1,400) square feet of living space, exclusive of garages, porches, patios and basements. Buildings on all other lots, being those lots adjacent to the golf course, in Tract 4076-B shall have a minimum of one thousand six hundred (1,600) square feet of living space, exclusive of garages, porches, patios and basements. No construction shed, basement, garage, tent, shack, travel trailer, recreational vehicle, camper or other temporary structure shall at any time be used as a residence.

5. All buildings shall have: (i) a maximum building height of Thirty (30) feet from the surface of the lot to the peak of the highest projection thereof; (ii) no more than two stories; (iii) no exposed radio, radio-telephone, television or microwave receiving or transmitting antennas, masts or dishes; (iv) no airconditioning unit on roofs; (v) a closed garage with interior dimensions of no less than twenty (20) feet; (vi) on any roof visible from ground level at any point within Tract 4076-B as its exposed visible surface, clay, concrete or ceramic tile, slate, or equal as may be approved by the Committee on Architecture; (vii) tempered glass in all windows facing fairways and driving range lakes.

6. All buildings and projections thereof on lots not adjacent to the golf course being Lots 31, 32, 33, 34, 35, 36, 37, 41, 42, 69, 74, 78, 79, 80, and 108 Block F, Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, and 22 Block G, Lots 21, 22, 26, 27, 28, 29, 30, 33, 34, 35, 36, 37, 38, 66, 67, and 68 Block H, Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, and 24 Block I, Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, and 17 Block J, and Lots 1, 2, 3, 4, 5, 6, and 7 Block K shall be constructed not less than twenty feet (20') back from the front and rear property lines and five feet (5') from side property lines. All buildings and projections thereof on all other lots of Tract 4076-B, being those lots adjacent to the golf course shall be constructed not less than twenty feet (20') from the front and rear property lines and five feet (5') from the side property lines.

7. Lots 75 through 86 inclusive, Block F, shall not have direct vehicular driveway access to Mountain View Road or Lippan Boulevard, as the case may be, but rather shall have vehicular access from the twenty-four foot (24') access easement as depicted on the plat. No automobiles, motorcycles, bicycles or other vehicles shall be parked in said access easement.

8. Fences and walls shall not exceed six (6) feet in height and shall not be constructed in the street set back area (being twenty feet (20') from the front property line). Fences and

walls visible from the street must be decorative and shall not be of wire, chain link, or wood or topped with barbed wire, except that on all lots adjacent to fairway lots the rear fences shall be of wrought iron construction for a total fence height of five feet (5') black in color which shall continue along the side lot line for a distance of fifteen feet (15'). Access to the golf course from lots adjacent to the golf course is prohibited.

9. No individual water supply system (private well) shall be permitted on any lot in the subdivision.

10. No animals, livestock, birds or poultry of any kind shall be raised, bred or kept on any lot, provided, however, that personal pets such as dogs, cats or other household pets may be kept, but shall be fenced or leashed at all times.

11. No lot shall be used or allowed to become in such condition as to depreciate the value of adjacent property. No weeds, underbrush, unsightly growth, refuse piles, junk piles or other unsightly objects shall be permitted to be placed or to remain upon said lot. In the event of any owner not complying with the above provisions, the corporation whose members are the lot owners, Declarant, or its successor and assigns, shall have the right to enter upon the land and remove the offending objects at the expense of the owner, who shall repay the same upon demand, and such entry shall not be deemed a trespass.

12. No sign, advertisement, billboard or advertising structure of any kind shall be erected or allowed on any of the unimproved lots, and no signs shall be erected or allowed to remain on any lots, improved or otherwise, provided, however, that an owner may place on his improved lot "For Sale" signs, "For Lease" signs or "For Rent" signs so long as they are of reasonable dimensions.

13. All dwellings shall install water flush toilets, and all bathrooms, toilets or sanitary conveniences shall be inside the buildings constructed on said property. All bathrooms, toilets or sanitary conveniences shall be connected to central sewer. Septic tanks, cesspools and other individual sewage systems are expressly prohibited. Water and energy conservation devices including but not limited to toilets, shower heads, water heaters, and insulation shall be used whenever feasible. Low water use vegetation shall be used whenever possible in landscaping.

14. The storage of inoperative, damaged or junk motor vehicles and appliances and of tools, landscaping instruments, household effects, machinery or machinery parts, boats, trailers, empty or filled containers, boxes or bags, trash, materials, including used construction materials, or other items that shall in appearance detract from the aesthetic values of the property shall be so placed and stored to be concealed from the view of the public right-of-way and adjacent landowners. Trash for collection may be placed at the street right-of-way line on regular collection days for a period not to exceed twelve hours prior to pickup.

15. Under no circumstances shall any owner of any lot or parcel of land be permitted to deliberately alter the topographic conditions of his lot or parcel of land in any way that would permit additional quantities of water from any source other than what nature originally intended to flow from his property onto any adjoining property or public right-of-way, or redirect the flow.

16. No person shall use any premise in any land use area, which is designed, arranged or intended to be occupied or used for any purpose other than expressly permitted in this Declaration as set forth herein and in part "B" hereof. Multiple
